Thursday, Nov. 12, 1903

## Short Locals.

A lot of nice chewing tobacco to be sacrificed, at THE HERALD BOOK STORE.

If you need blank books or office supplies, come to THE HERALD BOOK STORE.

The cotton mill is buying quite a lot of cotton these days, but a year's supply has not yet been purchased.

On and after date we shall only give cotton on Tuesdays, Thursdays, and Saturdays.

Of course it is not true that the insurance companies have all withdrawn from this State since the acquittal of Tillman.

The grinding of sugar cane has begun in this section, and we are getting the delightful syrup which our farmers make.

A lot of novels in paper and cloth bindings at THE HERALD BOOK STORE. Detective stories and other interesting reading.

Have you a minute to spare? Then you should go to G. E. Bamberg's and take a glimpse of his line of watches, silverware, and jewelry.

Considerable building is going on in different parts of the town now. The new cottage on the Fitting School property is well under way.

Cotton is still going up, and it is predicted that the staple will reach 12 cents. Very little good it will do this section, as most of the cotton is sold.

A considerable acreage in oats is being planted in this county this fall, and as a general thing they will be needed. Fall gardens are doing nicely.

The farmer who has his smoke-house and grain-crib in his yard instead of the west need not concern himself much about the price of cotton.

We have for sale a pair of 8-column chases. They are as good as new, and will be sold at a bargain. A snap for some printer who needs them.

Come to THE HERALD BOOK STORE and buy patent medicines and other drug store articles at sacrifice prices. We still have some of the bankrupt stock.

Our local hunters are making good use of the game season. Every day hunting parties go out from town, and the partridge is having a hard time of it these days.

Go to M. Moye's for fresh fruits and vegetables.

The Daughters of the Confederacy are holding their State convention in Charleston this week. There are no delegates from Bamberg, however, as we have no chapter here.

The Barnwell Sentinel intimates that Dr. Ryan Gyles, of Blackville, will be a candidate next summer. He would make Bamberg county a good representative in the legislature.

The case of Eugenia M. Rice, vs. F. M. Bamberg has again been appealed to the State Supreme Court, and it will be heard at the November term. This time Bamberg is the appellant.

The prettiest line of stationery ever brought to this town is now on exhibition at THE HERALD BOOK STORE. Come in and let us show the correct thing in fine correspondence papers.

Let us have the news, friends. We have plenty of room for your letters now, and want a letter from every portion of the county in every issue. We'll be glad to print all that are sent in.

The dealers in fresh meats are doing a good business these days. Several carcasses of beef, pork, and mutton were sold here last Saturday, and even then the demand was not supplied.

The chain gang is doing its usual fine work on the Buford's Bridge and Barnwell roads, being in camp a few miles from town. The heavy sand beds on these roads are being clayed.

Think of getting your home paper for less than two cents a week. Surely every man can afford this small amount. It sounds puerile to hear a man say he can't afford to take his county paper.

M. Moye will deliver all goods bought of him, and will deliver them promptly.

Bradstreet has issued a special report, in which it is estimated that this year's cotton crop will be no larger than last year's crop, if it equals it. We believe that this year will fall far behind the production of 1902.

We would be glad to receive items of news of any kind from our friends. If you have a visitor, let us know it, or if you know of anything of interest to the public, write it up for the paper. We will gladly publish it.

If you want a good flour, go to M. Moye's. He handles Ballard's Obelisk, something good.

We have received many compliments on the improvement in our paper. One friend writes us: "Congratulations upon the improvement in your paper, which is now one of the most attractive county papers in the State."

It is to be regretted that Bamberg county was not represented in the immigration convention held in Columbia this week. We need new population, and the plan proposed by Mr. Matheson seems to be a practicable one.

It is impossible for any one man to know everything that happens, even in a town the size of Bamberg, and an editor is no exception to the rule. Therefore, we will appreciate it if items of local interest should be handed us.

Remember that you can get THE BAMBERG HERALD and the Twice-a-Week News and Courier one year for \$1.50. This is certainly cheap reading matter, for you get three large papers every week. They all cost less than three cents a week, too.

In the October number of the Wofford College Journal, Mr. M. William Brabham, a son of Mr. C. R. Brabham, has an interesting article on "Woodlands," the estate of W. Gilmore Simms, the famous author and poet, which is situated only a few miles below Bamberg.

Of course our issue of last week was not what we wanted to make it, but there is a deal of work in changing the size of a newspaper, and in the limited time we could not fix everything exactly as we would have liked. However, we trust to have it right in a short time, and continue to turn out the best printed paper in this section.

The Herald Book Store has just received a stock of the celebrated Waterman's Ideal Fountain Pens. This pen is fully guaranteed, and is the only satisfactory writer we have ever used. The price is \$2.50, and they are worth every cent of it. We have them in all styles and points—can suit any hand. Come in and see them.

A number from here attended the reunion of Confederate veterans in Augusta this week.

The comptroller general is here to-day, making his annual settlement with the county treasurer and auditor.

On and after the first of December we will pay the highest price for seed cotton.

THE COTTON OIL CO. City Council held a regular monthly meeting Tuesday afternoon of last week, but only routine business was transacted.

Big line of sample shoes just received at Klaubers, to go at wholesale prices. You had better hurry, or this chance will be gone.

Mr. T. Grigsby Chandler, of Bamberg, was one of the students of Furman University who subscribed to the endowment fund of that institution.

Ask any merchant who advertises with us whether it has paid him or not. We are willing to rest our claim for business on the testimony of any advertiser.

M. Moye is having a telephone put in his grocery store to-day, and will be glad to receive and fill orders received over the phone. Ring him up when you need groceries.

The third annual meeting of the stockholders of the South-end Cemetery Company will be held at eleven o'clock on Wednesday, the 18th, at the Bamberg Banking Company.

Our correspondents are doing better this week, we are glad to say. We hope the Ehrhardt friend will let us hear from him hereafter every week. He is a new but very welcome addition to our list.

Dove Hams at M. Moye's.

While playing ball last Saturday, Master Bissell Beach had the misfortune to get his nose broken by being struck on that member by the ball. His hurt was promptly attended to, and he will not be in any way disfigured.

The Woman's Home Missionary Society of the Methodist church will meet next Tuesday afternoon, November 17th, at the home of Miss Esma Delk. All the members are urgently requested to be present, also all who have the "baby mite" boxes, bring to the meeting.

A negro woman named Lillie Matty was sent to the chain gang last week for sixty days by Mayor Johnson for disorderly conduct on the streets and resisting Policeman Kirkland. The officer had quite a tussle with her in making the arrest. She was drunk at the time.

Congress met in extra session last Monday. There are 127 new members of the body, of whom 71 are Democrats and 56 Republicans. Under the new apportionment 29 new members have been added. For the first time in several years, the membership is divided between the Democrats and Republicans, no third party or fusion candidate having been elected.

Full cream cheese at M. Moye's.

The horse of Postmaster J. P. Murphy ran away out at Cedar Springs last Friday, and ran into a barbed wire fence, cutting himself up fearfully. Numerous wounds were inflicted in many parts of his body and his injuries are considered serious. Phillips, Mr. Murphy's son, was out hunting and had left a negro to hold the horse and the boy let him get away.

It is gratifying that we have a number of new advertisements this week. It seems that many of our merchants are beginning to realize the value of space in this newspaper, and we feel encouraged at the additional support given us. We appreciate their business, and we want all of our subscribers to remember our advertisers in buying goods. Be sure to say that you saw their advertisement in this newspaper.

Butter, something good, at M. Moye's.

Denmark has a new postmaster now, Mr. W. F. Rice, who took charge the 2nd of November. We do not know why a change was made, especially at this time, for Mr. J. D. Milhous, the retiring postmaster, has made a most excellent official. Some influences must have been at work against him in the department, for a Mr. Sonntag was appointed to that position sometime ago. Why he never qualified we have not been able to learn.

The immigration convention, called under the plan of Mr. A. J. Matheson, of Bennettsville, met in Columbia Tuesday. Mr. Matheson was made president and E. J. Watson, of Columbia, secretary. Resolutions were adopted asking that the State establish a department of immigration, the legislature to make ample provision for and give liberal support to the same. Committees were appointed to take up the work of making the organization permanent, also to raise funds. The appointment of a special agent at the St. Louis Exposition was asked for.

The action taken by the Methodist congregation last Sunday in reference to erecting a new house of worship has aroused considerable interest in the congregation. The ladies as usual have already gone to work in the matter, and they propose to hold a bazaar at some date in the near future for the purpose of raising funds. It is hoped to erect a brick edifice—a handsome one, sufficient for the needs of the congregation for many years to come. Some are of the opinion that the new building ought not to cost less than ten thousand dollars. They believe that the congregation is able to spend this much money on a new church and that the interests of Methodism in Bamberg demand it.

## The Cotton Market.

Cotton is selling in Bamberg to-day at 10 1/2 cents the pound. Receipts of the week, 300 bales and upwards.

## Oyster Supper at Kearsae.

Again we extend the Macedonian cry, "come over and help us," and we hope to see you all on Thanksgiving evening, with a light heart and heavy purse, at the home of Mrs. Geo. B. Kearsae, where we will serve to you oysters fried and stewed, with crackers, pickles and coffee, cake and cocoa. We will endeavor to make the evening pleasant to all who attend, and hope to realize a nice little sum of money to help for our Sunday-school library. Come, everybody. Remember, Thursday, November 26th, is the time.

## Marriage.

Mr. John C. Carter, formerly of the Ehrhardt section, but now of Orangeburg county, was married to Miss Linda Robinson, of the Limestone section, Wednesday evening, the 4th instant, at seven o'clock, at Limestone church. The ceremony was performed by Rev. J. E. Mahaffey. There were nine couples in attendance. Mr. David P. Smith, of Ehrhardt, was best man, and Miss Olive Zeigler, maid of honor. After the wedding a brilliant reception was tendered the bridal party at the home of the bride's parents.

Chamberlain's Stomach and Liver Tablets are becoming a favorite for stomach troubles and constipation. Sold by Bamberg Pharmacy; H. C. Rice, Denmark.

## A Good Bill, Says Mr. Gantt.

Col. T. Larry Gantt, writing in the Spartanburg Herald about his recent trip to the State Fair in Columbia, politics, etc., has the following to say about Senator S. G. Mayfield's fertilizer bill, which was introduced at the last session of the legislature:

"I am glad to know that Senator S. G. Mayfield, of Bamberg, has not abandoned his bill to use the State convicts to mine phosphate rock and manufacture the same into acid, and which will be sold to farmers at a fair and honest price. This is a splendid bill, and I do hope that it will pass. It is the only way to undermine and crush out a fertilizer trust, and which is the most iniquitous of all trusts and combines. The opponents of this bill argue that it will cost about half a million dollars to start up the work. Suppose it costs a round million? The State has already appropriated half a million to engage in the liquor traffic, and the honest farmers of our State deserve as much consideration as the tipplers. Let every paper friendly to our farmers back Senator Mayfield in his great work."

## The Cotton Crop.

The latest government bulletin issued on the subject of the quantity of cotton ginned this year up to the 18th of last month, shows an aggregate of 3,359,627 commercial bales, about 2,000,000 bales less than up to the same date last year. The following was up to the 18th ultimo this year, per bales:

Texas	1,065,229
Georgia	619,644
Mississippi	479,103
Alabama	440,102
South Carolina	414,709
Louisiana	241,000
North Carolina	232,635
Arkansas	129,333
Tennessee	69,748
Indian Territory	66,823
Oklahoma	40,526
Florida	23,486
Missouri	8,027
Virginia	2,511
Kentucky	211

It will be seen by the above that Texas leads, South Carolina comes fifth, and the Kentucky colonels bring up the rear.

## BUDS AND FLOWERS OF HOME LIFE.

Paine's Celery Compound Makes and Keeps the Children Well and Strong.

Mothers Make It the Home Medicine For the Little Ones.

The children, God bless them, are the buds and flowers of our homes. Without their prattle and hearty laughter, our homes would be desolate. They should ever be carefully tended in childhood and youth, if we expect them to ripen into perfect men and women.

In the home and at school, the children have their times of ill health and suffering. We often note the pallid and bloodless cheeks, heavy eyes, nervous movements, and twitches of limbs and muscles. They complain of headache, drowsiness, weariness, dyspepsia, and indigestion. All such symptoms and ailments mean that the seeds of disease will have a fast and firm hold, unless proper measures are taken to restore a perfect condition of health.

Thousands of wise and prudent parents have made their children happy, healthy, and vigorous by giving them nature's medicine, Paine's Celery Compound. In many severe and complicated cases, Paine's Celery Compound has restored health when the little ones were given up by physicians.

If your dear ones are not as hearty, strong, and rugged as they should be, try the health giving virtues of Paine's Celery Compound. It makes and keeps the children well.

Treasurer Bamberg County. Bamberg, S. C., September 22, 1903.

## FREE TO THE BABIES.

The Eastern Manufacturing Co., of Chicago, will present to every baby, under one year of age, in this county, one solid silver baby spoon with the baby's given name engraved on same. You do not have to pay one cent nor buy anything to get this spoon. The Eastern Manufacturing Co. are large manufacturers and jobbers of jewelry and silverware, and have taken this method of advertising their goods. Instead of spending thousands of dollars for magazine advertising they have decided to give it away direct to consumers.

The undersigned firm has been made distributing agent for this locality. Bring your baby to their store and give its name and age and you will receive one of these beautiful silver spoons all engraved free of cost. This is not a cheap article, but solid silver of elegant design. Don't fail to look over the elegant line of The Eastern Manufacturing Co.'s goods on display at C. J. S. Brooker, Bamberg

**THE DORF'S BLACK-DRAUGHT FOR CONSTIPATION**  
Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theodor's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics. Be sure that you get the original Theodor's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages. Morgan, Ark., May 24, 1901. I cannot recommend Theodor's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up. C. B. McFARLAND.
